

Firefox Settings Document

(PC and Mac)

Please Note: Mac OS X browsers, access preferences via the Application Menu (ex. Firefox>Preferences).

Important: Many Firefox Add-ons will cause areas of Blackboard to become unusable. It is for this reason we recommend you either Disable or Uninstall 'all' Add-ons if you use Firefox to access Blackboard.

To remove Add-ons in Firefox go to: Tools > Add-ons > Extensions > Disable or Uninstall

Enable Cookies: Tools > Options > Privacy > Cookies > select 'Accept cookies from sites' > click OK.

Enable Java: Tools > Options > Content > check the 'Enable Java' box > click OK.
