

## Internet Explorer Setup for Blackboard

**Step 1** - Uninstall or turn off any and all second party pop-up blockers, tool bars or add-ons(e.g.: STOPzilla, PopSwatter, Google Toolbar, etc.).

**Step 2** - Turn Pop-up Blocker off: Tools > Pop-up Blocker > Turn On Pop-up Blocker

**Step 3** - Set Blackboard as a Trusted Site: Tools > Internet Options > Security > click Trusted sites > sites

Then place these two URL's into Add this website to the zone area:

- <https://ecourses.maricopa.edu/>
- <https://ecourses.maricopa.edu/webapps/login/>

Then click **Close** button. Once back to **Security** window select **Custom level...** button. Once in the Security Settings window scroll down the Settings menu until you see Display Mixed Content and select Enable. Then in the Reset Custom Settings menu select Low and click Reset and OK as shown below.
