Telecommunications Cabling Services

ADDENDUM NO.1 RFP #2947-10

October 22, 2009

Purchasing

The following clarifications, changes, additions or deletions for this project shall be made to the Contract Documents; all other conditions and work shall remain unchanged. The additions, deletions or changes listed in these Addenda may affect more than the specific items noted. Coordination may be necessary to fully revise cases of overlap or duplicate information. The Addendum supersedes current conditions shown in the Contract Documents. Acknowledge the receipt of these Addenda by inserting its number and date in your bid. This Addendum forms a part of the Contract Documents and modifies them as follows:

2411 W. 14th St.
Tempe, Arizona
85281-6942

1. Would you guys approve Molex as an approved manufacturer as long as all regulations and specs meet the other manufacturer's?

Since many other institutions will possibly be piggy-backing on this RFP, we will be accepting submittals (with pricing) for cabling products that can be identified as an "approved equal." However, for the sake of an "apples-to-apples" price evaluation, the vendor must understand that the pricing portion of the RFP will be based *ONLY* on products listed in Subsections 4.4.1.1 through 4.4.1.5.

Phone
480.731.8520

Fax
480.731.8190

2. Pertaining to Section 7. of RFP "Pricing Worksheet", is this document available electronically in Word or Excel format to facilitate entering pricing?

Please contact Debra Temple at (480) 731-8526 for a Word Version the RFP.

3. Is the unit pricing provided based on normal conditions:

Example: Assumes clear and accessible pathways, standard drop ceiling height. Assumes cable support system is existing.

Excludes patch panel port, 110 block, cable management, core holes, back boxes, conduit, and firestop. Assumes work to be performed during normal business hours. Assumes all cable products are plenum rated.

YES

THERE ARE NO FURTHER
CHANGES TO THIS ADDENDA
END OF ADDENDUM #1
