Welcome to the web site for Maricopa Community Colleges Facilities Planning and Development.

Facilities Planning and Development serves as a District-wide resource for capital planning, development and facilities maintenance in support of Maricopa's education and training mission. We are problem solvers, employing creative approaches to managing functional, operational, or interactive issues related to the physical environment. We work with our colleges to develop intuitive, well-designed, and cost effective solutions.

Our work includes leadership in managing, assisting or supporting colleges with:

[Project Information/Status](#)

To make our website a little easier for everyone's use, please note the following changes for the update that you were used to finding here.

1. The monthly/periodic update for awards and upcoming work is on the webpage first page for quicker access.
2. There's a direct link to Purchasing's website where the bids, RFP's and IFB's are actually listed and can be downloaded.
