Recommendation

It is recommended that the Maricopa County Community College Governing Board authorize one of its members to serve as the representative and one member to serve as the alternate representative to the Board of Directors of the Arizona Association of District Governing Boards (AADGB).

Justification

Formed in 1978, the Arizona Association of District Governing Boards is a state-wide association composed of the Governing Boards of the Arizona Community College Districts. The mission of the AADGB is to support the positive influence of dedicated district trustees in their quest to ensure high quality, accessible, and affordable postsecondary education to the citizens of Arizona.

The members achieve their mission through a number of ways including the following: providing for the exchange of information and best practices, representing their interests before State agencies and the State Legislature, encouraging cooperation with educational entities including the Arizona Board of Regents, developing educational programs and services to benefit trustees, and enhancing public relations activities that strengthen the public's perception of community colleges.
