

CONSENT AGENDA ACTION ITEM

Governing Board Agenda

Meeting Date: June 23, 2009

Item Number	Item Title	Responsible Agents
	Water Line Easement for Public Safety Building at Glendale Community College	Ms. Debra Thompson Dr. Velvie Green

Recommendation

We recommend that the Governing Board grant an easement to the City of Glendale to install and maintain water facilities for the new Public Safety Building at Glendale Community College.

Justification

The Capital Development Advisory Council (CDAC) reviewed this item at its June 23, 2009 meeting and recommended that it be submitted for Governing Board action.

At its March 24, 2009 meeting, the Governing Board approved the payment of development fees to the City of Glendale related to the installation of a new water meter for the new Public Safety Sciences Building at Glendale Community College. In addition to serving the Public Safety Building, the new water meter will also increase water capacity to the Glendale campus and will help boost water pressure to nearby buildings and fire hydrants. This easement allows the City of Glendale to install and maintain a water line to the new meter.
