**A RESOURCE GUIDE FOR REPORTERS**

The Maricopa Community Colleges' Experts List is a compendium of resource authorities from across the college district who can help you make sense of almost any subject.

There are hundreds of experts in dozens of subject areas, all eminently qualified to answer your questions. They are faculty, staff and management of the 10 Maricopa Community Colleges, and they welcome the opportunity to discuss their area of expertise with reporters.

Experts are listed by topic and cross-referenced by college abbreviation for your convenience. To arrange an interview with any of our experts, please contact the following Media Relations representative at the college where the expert is located.

An on-line, updatable version of this guide is available at <http://www.maricopa.edu/marketing/download/experts.pdf>. It is just one of many online media relations services available on our web site, including daily news updates on the home page, updated contact information for all media relations professionals, and press releases from the District and all 10 Maricopa colleges. Visit [www.maricopa.edu](http://www.maricopa.edu) for daily news updates, and [www.maricopa.edu/press](http://www.maricopa.edu/press) for the latest news releases and updated contact information.

For all other questions, or for additional assistance in contacting these experts, please contact the Office of Marketing and Communications at the Maricopa Community Colleges **District Office**:
